

## Challenge #7: Block, Inline, Class, and Id

A compilation of block and inline elements with their own class and id.

```
25 <body>
26   <!-- Block Element with a Class -->
27   <div class="container">
28     <!-- Block Element with an ID -->
29     <section id="home">
30       <!-- Block Element with a Class -->
31       <h1 class="heading-1">Hello World</h1>
32       <p>This is a paragraph</p>
33     </section>
34     <!-- Block Element with a Class -->
35     <section id="about">
36       <!-- Block Element with a Class -->
37       <h2 class="heading-2">What About Me</h2>
38       <p>It is what it is</p>
39       <!-- Inline Element -->
40       <a href="youtube.com">Click here</a>
41     </section>
42   </div>
43 </body>
```
